

REMARKS

Election is required between species I, II, and III identified by the examiner in the Action mailed 10/20/2005.

The applicants elect species I, claims 100, 101, 105-107, and 111. The applicants respectfully point out that claims 105 and 111 read on FIGS. 14A and 14B (which illustrate a hinge lever), and FIGS. 16A and 16B (which illustrate a gear rack mounted lever).

A "gear rack mounted lever" is a lever mounted on, by, or with a "gear rack." A representative "gear rack" in this specification is illustrated in FIGS. 16A and 16B, where the gear rack includes gears 152 and 154 and the lever is mounted to the gear 152. See the specification at page 29, lines 13-16 (page 25, lines 11-14 of the substitute specification).

Respectfully submitted,

TERRANCE A. MEADOR
Reg. No. 30, 298
